

KPMG International

Total over 189,000

KPMG is a global network of professional firms providing Audit, Tax and Advisory services. We operate in 152 countries and have more than 189,000 people working in member firms around the world. The independent member firms of the KPMG network are affiliated with KPMG International Cooperative (“KPMG International”), a Swiss entity. Each KPMG firm is a legally distinct and separate entity and describes itself as such.

Member firms’ clients include business corporations, governments and public sector agencies and not-for-profit organizations. They look to KPMG for a consistent standard of service based on high order professional capabilities, industry insight and local knowledge.

Our people embrace KPMG’s values. These values determine how we interact with clients, with each other and with the world around us. They define what we stand for and how we do things.

At KPMG we try to create sustainable, long-term economic growth, not just for our member firms and their clients but for the broader society, too. We seek to be a good corporate citizen, making a real difference to the communities in which we operate.

Africa

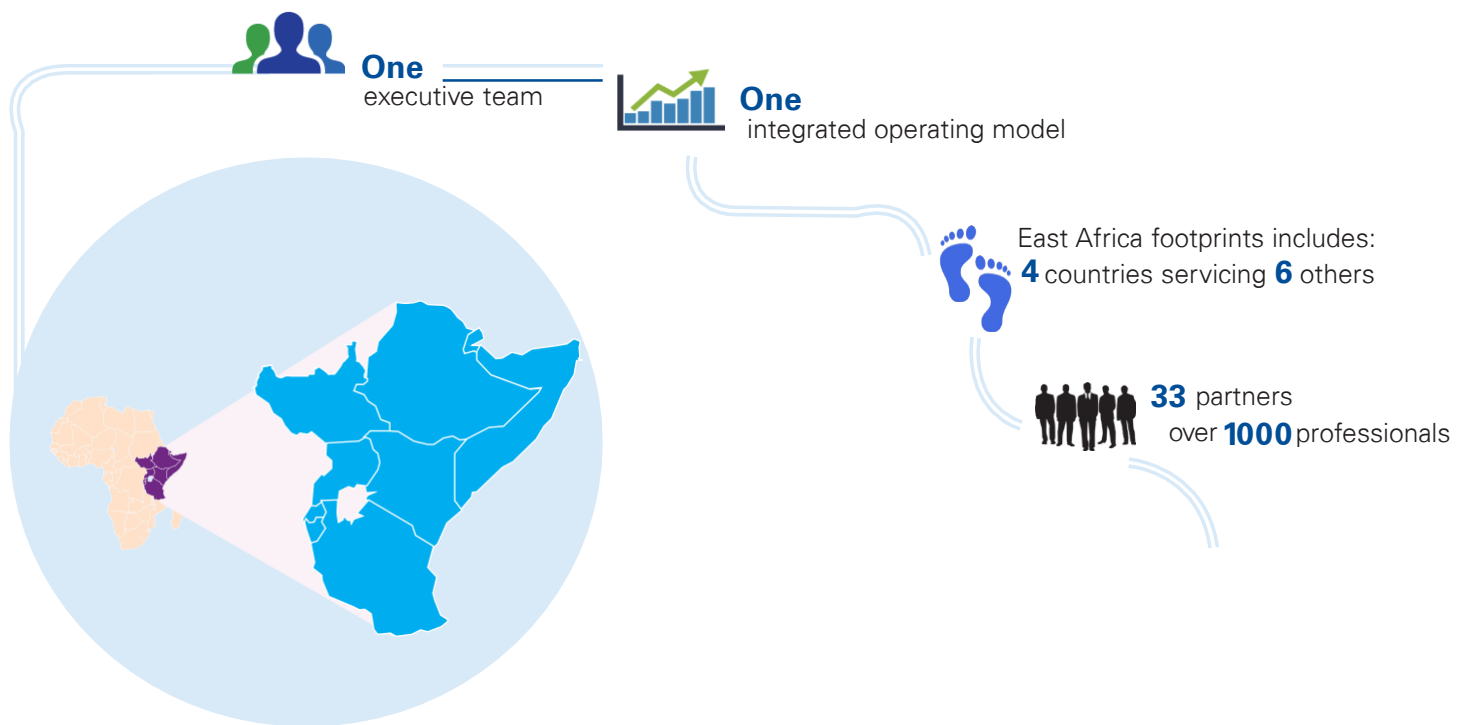

KPMG has a notable 'African Footprint' and is well used to serving clients across the continent. The firms are structured into clusters that are aimed at facilitating efficiency in how we work with our clients on the continent. These clusters are West Africa, East Africa, Southern Africa, Francophone and Angola. Angola is specially individualised due to its use of the Portuguese as the official business language.

We have 33 firms servicing 54 countries across the continent offering a full range of Audit, Tax and Advisory Services. With this coverage KPMG is able to draw from a pool of resources with a wide range of skills and experience, enabling us to provide high quality services to our clients. We are also able to offer coordinated services where the client is represented in different countries. These countries operate as a cohesive region and serve our clients in the French-speaking African nations. KPMG has licensed offices in Angola, Egypt, Morocco, Libya and Tunisia. Although these practices do not form part of KPMG Africa there are excellent working relationships in place with professionals in these offices through the KPMG network. The rest of Africa is covered by KPMG through a practice within the region. By undertaking assignments in neighbouring countries, we demonstrate our ability to serve our clients' needs wherever they operate in Africa.
